

| Domain  | Indicator   | Period | Number | Measure | Type  | National Average | 'Worst' | Scotland Comparator | 'Best' |
|---|---|--------|--------|---------|-------|------------------|---------|---------------------|--------|
| Demography  | 1 Percentage change in the population (aged 65+) between census periods 2001 to 2011 <sup>9</sup>               | 2011   | 7,642  | 13.4    | %     | 11.0             |         |                     |        |
|   | 2 Population (aged 65+ years) in 15% most access deprived areas   | 2010   | 7,879  | 12.3    | %     | 15.0             |         |                     |        |
| Social & Economic Circumstances                                       | 3 People Claiming Pension Credits (aged 60+ years) <sup>9</sup>   | 2012   | 6,025  | 6.6     | %     | 8.8              |         |                     |        |
|   | 4 State Pension claimants <sup>9</sup>  | 2012   | 73,930 | 93.2    | %     | 93.0             |         |                     |        |
| Health Related Behaviours   | 5 Alcohol related hospital discharges (aged 65+ years) <sup>2,11</sup>  | 2011   | 1,139  | 615.7   | sr6   | 814.5            |         |                     |        |
|   | 6 Deaths from Alcohol Conditions (aged 65+ years) <sup>2,11</sup>   | 2011   | 68     | 37.1    | sr6   | 37.7             |         |                     |        |
| Health-Status   | 7 Patients registered with cancer - Males <sup>2,11</sup>   | 2011   | 2,098  | 2,526.8 | sr5   | 2,528.5          |         |                     |        |
|   | 8 Patients registered with cancer - Females <sup>2,11</sup>   | 2011   | 1,848  | 1,679.1 | sr5   | 1,765.9          |         |                     |        |
| Use of Health Services - Secondary Care                               | 9 New Outpatient activity - Acute Medical   | 2012   | 12,867 | 191.6   | cr    | 147.3            |         |                     |        |
|   | 10 New Outpatient activity - Acute Surgical (excl. Trauma & Orthopaedics)                                       | 2012   | 10,996 | 163.7   | cr    | 171.3            |         |                     |        |
|   | 11 New Outpatient activity - Trauma & Orthopaedics  | 2012   | 3,751  | 55.9    | cr    | 50.0             |         |                     |        |
|   | 12 New Outpatient activity - Psychiatry   | 2012   | 1,563  | 23.3    | cr    | 19.6             |         |                     |        |
|   | 13 Patients hospitalised with COPD <sup>2,11</sup>  | 2011   | 1,604  | 838.1   | sr6   | 979.9            |         |                     |        |
|   | 14 Coronary Heart disease patients <sup>2,11</sup>  | 2011   | 2,488  | 1,333.0 | sr6   | 1,502.7          |         |                     |        |
|   | 15 Cerebrovascular disease patients <sup>2,11</sup>   | 2011   | 2,031  | 1,068.1 | sr6   | 1,098.9          |         |                     |        |
|   | 16 Multiple admission patients aged 65+ years <sup>2,11</sup>   | 2011   | 8,503  | 4,553.9 | sr6   | 5,203.2          |         |                     |        |
|   | 17 Emergency Hospital discharges as a result of a fall (aged 65+ years) <sup>2,11</sup>                         | 2011   | 3,571  | 1,815.5 | sr6   | 1,955.3          |         |                     |        |
|   | 18 Population 65+ years at risk of hospital admission/readmission (SPARRA score >=40)                           | 2014   | 4,927  | 7.3     | %     | 8.2              |         |                     |        |
| 19 Traumatic hip fracture discharge rates (65+ years) <sup>2,11</sup> | 2011  | 1,224  | 620.7  | sr6     | 660.7 |                  |         |                     |        |
| Use of Social Care and Continuing Health Care Services                | 20 Adults 60+ years claiming incapacity/severe disability allowance or employment support allowance             | 2012   | 2,505  | 2.8     | %     | 2.9              |         |                     |        |
|   | 21 Adults 65+ years claiming Attendance Allowance <sup>9</sup>  | 2012   | 9,800  | 14.6    | %     | 17.5             |         |                     |        |
|   | 22 People 65+ years receiving free personal care at home  | 2011   | 2,810  | 4.4     | %     | 5.2              |         |                     |        |
|   | 23 People aged 65+ years receiving 10+ hours of home care   | 2012   | 607    | 20.8    | %     | 33.1             |         |                     |        |
|   | 24 Number and crude rate of home care clients (65+ years) <sup>9</sup>  | 2012   | 3,103  | 46.2    | cr    | 55.2             |         |                     |        |
|   | 25 Number and crude rate of older people (65+ years) supported in care homes per 1,000 population. <sup>9</sup> | 2011   | 2,230  | 34.5    | cr    | 34.2             |         |                     |        |
| Carers and Caring   | 26 Respite care for unpaid carers (aged 65 years+) <sup>9</sup>   | 2011   | 6,988  | 108.2   | cr    | 117.6            |         |                     |        |

Notes:  
 2. Three-year combined number, and 3-year average annual measure.  
 9. Denotes indicator where categorization as better or worse than comparator average is not appropriate and data are subject to local interpretation.  
 11. The ESP2013 has been used to calculate the rate for this indicator. Please see Appendix I of the technical report for further details.

Spine Chart Key:  
 % =percent  
 cr =crude rate per 1,000 population aged 65 and over  
 sr5= age standardised rate per 100,000 population (65+ years) to ESP2013. Please see Appendix I of the technical report for further details.  
 sr6= age-sex standardised rate per 100,000 population (65+ years) to ESP2013. Please see Appendix I of the technical report for further details.

Spine Chart Key:  
 ● Statistically significantly 'worse' than National average  
 ○ Statistically not significantly different from National average  
 ● Statistically significantly 'better' than National average  
 ● Statistically significant difference compared to National average  
 △ No significance can be calculated

See the detailed Definitions and Sources table for indicator information and Technical Report for further guidance on interpreting the spine.
