Introducing the KnowFife Partnership Hub Website

<http://know.fife.scot/>

The KnowFife Partnership Hub has been established in response to the Fairer Fife Commission's 'Fairness Matters' report. The KnowFife Partnership Hub website will provide a forum for partners to share research, knowledge and learning, working together to help transform information into action.

Use the website to share your completed research and/or knowledge work and any helpful learning resources via the details in the contact us page. Find research and articles, knowledge and learning resources via our search and filter functions. We've also provided useful links to information and data resources, including the [KnowFife Dataset](#). To keep you up to date with planned training and events you'll find a calendar and you can follow the [KnowFife Twitter feed](#) so you won't miss any KnowFife Dataset updates. Please email the [KnowFife Co-ordinator](#) with any queries or feedback.

KnowFife Dataset Updates

[JSA August Update](#)

[JSA September Update](#)

[JSA October Update](#)

[JSA November Update](#)

ScotPHO have published a new **Children and Young People's Profile** presenting a range of indicators relating to the health, wellbeing and broader social determinants of health for children and young people. These are available at Fife level and Fife 2011 interzones via the [ScotPHO Online Profile Tool](#). The profile is accompanied by a [National Overview Report](#).

ScotPHO have updated the existing **Health and Wellbeing Profile** replacing any indicators currently available at 2001 intermediate zone level with equivalent information at **2011 intermediate zones**. This data is available at Fife 2011 Interzones via the [ScotPHO Online Profile Tool](#).

Formal training sessions for KnowFife Dataset users can be arranged. Please email the KnowFife Co-ordinator, [Kerry Humphries](mailto:kerry.humphries@nhs.net), to express interest or arrange individual support meantime.

If you have any queries or questions regarding the content of the bulletin or the KnowFife Dataset or would like to be removed from the mailing list, please contact the KnowFife Co-ordinator:
