

# Fife's Future Population?

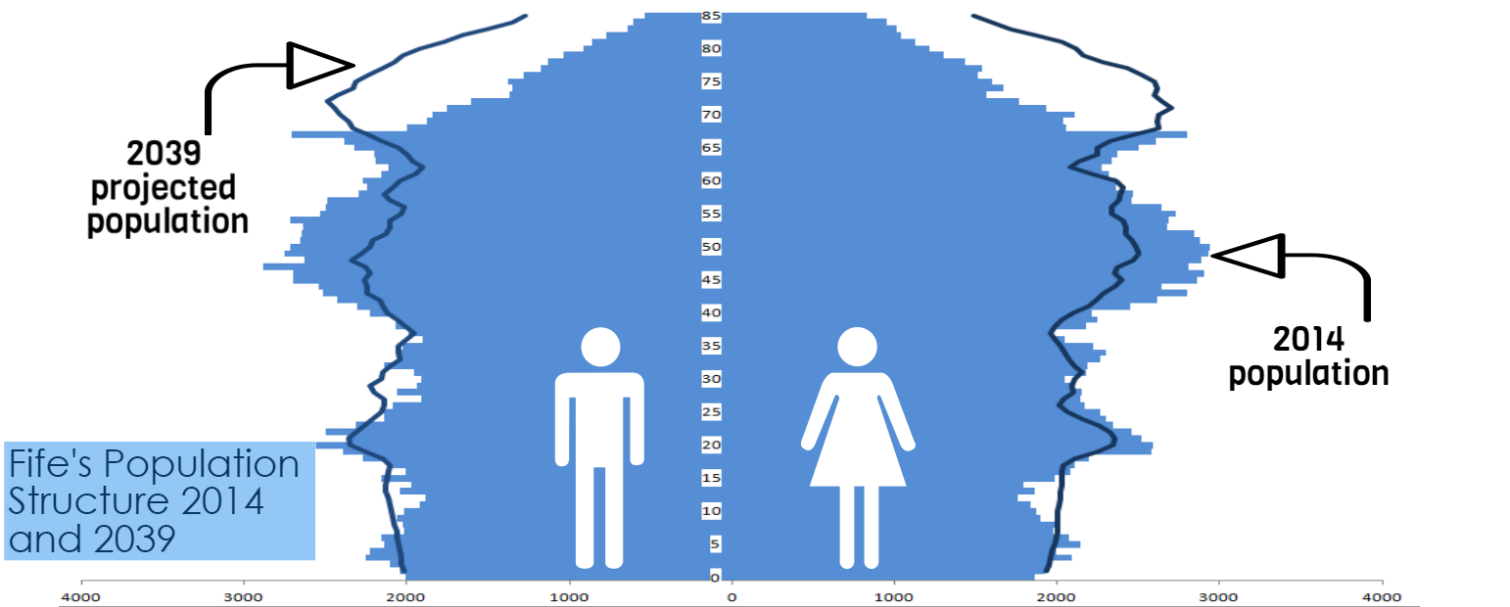

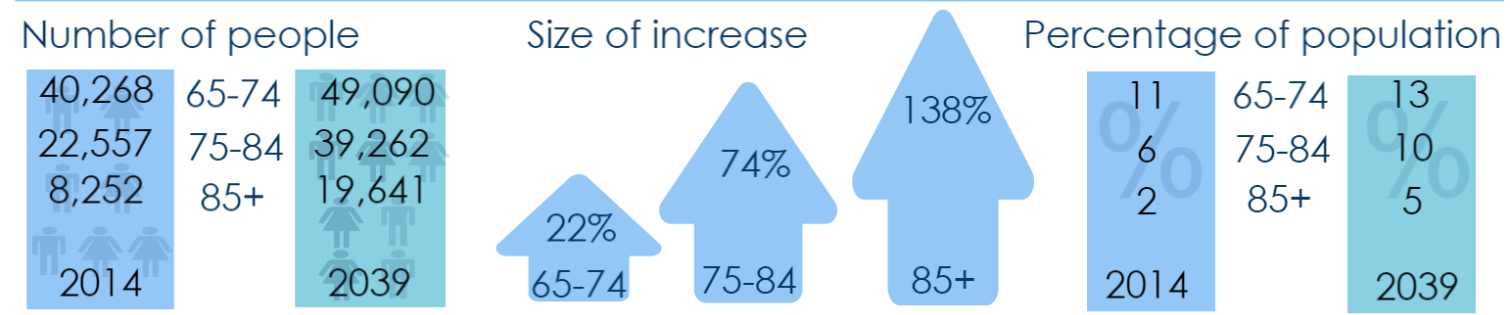

An infographic of the 2014 based population projections

## Fife's Total Population Change Compared to Other NHS Areas

## Fife's Ageing Population

Published by Public Health Department using NRS 2014 Principal Population Projections. <http://www.nrscotland.gov.uk/news/2016/population-projections-for-scottish-areas>. Please note that population projections make use of past population trends to make predictions about future population growth and structure. Projections are based on assumptions about births, deaths and migration but do not take into account changes relating to policy or unexpected events.
